

Arabians in Motion

volume 10, issue 3

August 2006

chartered in 1996

Our mission: to promote the interests of members and their horses who compete against a cow, a clock, or a course

Next AiM Meeting: Sunday, Sept. 3, 2006
1:00 p.m. – At Wilde Ivey Bedouin Arabians -
Yoncalla, Oregon. (3 hours south of the Portland
airport, 10 minutes off I-5). Guests are welcome.

We were going to go to an endurance ride and participate in a Fun Ride and learn how to do P&Rs. Alas, Jannelle's new mare is in foal and due the day of the ride so there's no guarantee that she could be with us at the ride. So, we're taking the meeting to her house, instead. She'll introduce us to a herd of Davenport and Davenport+ Arabians and tell us a bit about preservation breeding. Bring your pedigrees, and we'll see how many horses trace to Davenport horses, one of the main group of horses that began the Arabian breed here in America. **AND** we'll elect club delegates for 2006/2007; see the President's Report.

From PDX, go south on I-5 to exit 154 (south of Cottage Grove). At the exit, turn left and stay to the left as the road goes back under the freeway. (If you go straight, it will take you to the town of Yoncalla, and Jannelle and Adam live on the east side of the freeway.) Once under the freeway, go straight (follow the signs to Elkhead). About 5 miles from the freeway, you'll see the 9-mile marker. Just after that, turn left (the sign should say "To Romie Howard Rd" with an arrow pointing left). Go about 1/2 mile up a small hill and turn right on Romie Howard Rd. About 1/2 mile on the left you will see a horse barn that has a white and green roof. There's a tan home on the hill. Turn left up the driveway and proceed to the house, where there's plenty of parking. Call if you have any problems: 541-849-2460.

Potluck. Please contact Sarah Asby at 503-887-2535 or sdasby@comcast.net to RSVP and let her know if you are bringing a salad or appetizer OR if you want to carpool from the Portland/Salem area.

President's Report

Submitted by Kaye Phaneuf, President

Hello, everyone – I hope you've all had a wonderful summer with your Arabian horses!

It's hard to believe, but September is nearly upon us, and that means it's time to select our delegates for the 2006/2007 political year.

As of June 30, AiM had 76 adult members, which entitles us to send **2 delegates** and **2 alternates** to represent us at regional and national AHA business meetings. The delegates' first task will be to attend the Region 4 budget meeting. (No date posted yet, but it is usually held the last weekend in September or the first weekend in October.) After that, they'll head to Louisville, Kentucky, the week before Thanksgiving for the AHA annual convention. Finally, they will attend the spring Region 4 mini-convention, held in late March or early April. Alternates are not required to attend these meetings unless one or both are required to fill in for delegate(s) who can't attend. (Hence the term, "alternate.") All travel expenses and convention registrations for these four representatives are paid by AiM.

If you are interested in serving as a delegate or alternate for the coming year, especially if you won't be able to attend the meeting on September 3, please let me know -- (503) 651-3037 or Phaneuf@Canby.com.

I know that Labor Day weekend is a busy one, and there are lots of other demands for our time and attention. (Even our VP for Activities, Sarah Asby, after scheduling this meeting, ended up qualifying for the ODS Dressage Championships. We wish her success at DevonWood.)

Continued next page...

But I hope that many of you will be joining us for an end-of-summer potluck and tour of Adam Falk & Jannelle Wilde's Wilde Ivey Bedouin Arabians. It should be a lovely day for a drive to Yoncalla.

Of course, the activity capturing most of my attention at the moment is the upcoming AHA Sport Horse National Championship Show! Somehow, both it and the AHA National Championship Endurance Ride have been scheduled for the same weekend (Sept 20-24 and Sept 23, respectively) AND the same region (Nampa, Idaho and Brothers, Oregon)! Read more about both of these events, and how you can participate, elsewhere in this newsletter.

Looking forward to seeing everyone in Yoncalla,

Kaye

Member News

Congratulations!!! The Lesley Eastwood Memorial Youth Scholarship given by Region 4 went to AiM member, Mallory Young of Oregon City!

Katie Stodick and **El Sharq Asad KB** have been having a great year in the show ring. Here's a partial list of their accomplishments in 2006:

Region V top five in-hand
Region V top five Training Level
Region IV Champion Training Level, score of 71.2%
Region IV Reserve Champion First Level
Region IV top five Sport Horse Under Saddle

"Sharky" is still offered for sale after Sport Horse Nationals in September. *See his ad in the Marketplace section of the newsletter.*

In addition to all that, Katie was accepted as one of eight riders for the USDF Region 6 Adult clinic on July 8th and 9th. They had over 30 applicants, and she was riding the only Arabian out of a field of Warmbloods. Woo Hoo! (We'll be looking for a report on *that* experience!)

Barbara Magee and her Friesian/Arab cross **Creekside Lancer** (in training with **Margo Hepner-Hart**) also had a good time at Region 4:

Reserve Champion Training Level (15-horse class, score of 68.5%)
Champion First Level, Test 4 (8-horse class, score of 67%)
Reserve Champion H/A Geldings In-Hand (9-horse class)

Lancer's going to Sport Horse Nationals in September in those three classes. Hope to see you there. We're very proud of our five year old. Please stop by the **Glen Mar Farms** stalls and say hello.

From **Jannelle Wilde** and **Adam Falk**: Their **Samaara Ivey** (Sportin Life x Kheystone Ivey) is the AHA Region 4 endurance champion this year and Best Conditioned. Jannelle says, "There wasn't a huge amount of competition, but we'll take what we get." She came in overall 10th on the 50 at Sunriver (about the same time as last year but she was 5th last year – faster field, I guess)." The AHA national endurance championship is in the region this year, too, at Oregon 100 (aka PacNorth Fundraiser) in Brothers, Oregon in October. Samaara will either do the 50 or the 100 at that ride. Pictures will be on the Wilde Ivey website in a couple of weeks. Yeah, Samaara and Adam!

Volunteers needed at SHN!

Marcia Donnelly reports that AHA is in need of all kinds of volunteers for the Sport Horse National Championships. (Nampa, Idaho -- September 20-24.) If you can help, or for more information, please contact Dauane Elkins at dauane.elkins@arabianshorses.org.

Donations needed for "A Taste of Oregon"

In 2004, AiM sponsored an aisle party at Sport Horse Nationals. Our theme was, "A Taste of Oregon" and it was such a huge success that we've decided to repeat it this year!

We still need donations of Oregon cheeses and smoked salmon; also Oregon-bottled wines, soft drinks and waters. Cash donations are also welcome -- we'll need to purchase cream cheese, crackers, ice, napkins, plates, etc. If you can contribute, please notify Kaye Phaneuf, who is coordinating the effort.

AiM goes to SHN

Wow! I just sent in the entry packet for **TWELVE** AiM horses, and immediately after, learned of at least one other AiM member also entered. To date, I know of at least 20 AiM members planning to attend in various capacities, be it rider, owner, groom, spectator, volunteer, or all of the above.

If you are going to Sport Horse Nationals and would like to be included in our plans and conversations, please **send your e-mail address** to Kaye Phaneuf, at Phaneuf@Canby.com. Please include your horse's name and classes entered, so we can be there to cheer for you!

Minutes of the June 20, 2006 meeting of Arabians in Motion

Submitted by Natalie Mair-Williamson, Secretary

The meeting was held at the beautiful setting of the Thomas Equestrian Center off Beavercreek Road. We watched driving instructions demonstrated by Carol Koshkarian and her purebred Arabian, Maddox. In the clubhouse, Carol talked to us about the different uses of driving and showed us the proper clothes and gear for this sport. She talked to us about the various events that she and Maddox had entered and why she got into the sport of driving. We were able to see pictures and magazines of the events and the various rigs or carriages that were used.

After question and answers, Carol introduced us to Maddox and got him geared in long reins and bridle for her warm up. It was incredible to watch the warm up on the long reins – Maddox is so responsive to her voice commands, and the movements were like fluid water. Very impressive. After warm up, Carol put the carriage gear onto Maddox, explaining all the different parts and finally hooked him to the carriage. She then demonstrated different movements, such as rein back and shoulder in, when driving the carriage. We then went out to an outdoor arena to watch Carol and Maddox demonstrate an actual test of going through cones with precision. Carol was gracious enough to allow some of us to drive Maddox and the carriage through the test cones. All who tried seemed very excited.

After the demo, we headed back to the clubhouse where we shared some wonderful salads, desserts, and soda. Carol was putting away her gear and, of course, graciously answered more questions. It was a very informative and fun demonstration.

Business. There were some questions about sponsoring some of our youth going to Youth Nationals this year. As Steve Crawford was gracious enough to help at the AiM Classic when our EMT bailed on us, it was suggested that we could put the EMT funds toward Youth Nationals. So the question was whether AiM favored making a donation toward a group tack stall at Youth Nationals? And, if approved, the check would be made payable to AHA and sent to the Crawfords to send in with the entries. Questions brought up at the meeting were: What is the cost of the tack stall? And is anyone

other than Jessica Crawford going to Youth Nationals? Everyone at the meeting thought that this was a good idea, but wanted those questions answered before approval.

Do we want to participate in the barn/aisle party at SHN this year? Should we do "A Taste of Oregon" again? Do we want to authorize some funds, or just solicit donations? **Decision:** Do "A Taste of Oregon" with solicited donations and some contribution from AiM.

2007 AiM Classic: How about inviting all past futurity entries (winners?) to parade? Is it a special anniversary year for the futurity? **Decision:** Send out the futurity survey and wait until the survey came back to make a final decision.

Sunshine Chair: **Billie Jo Morley** is going to fill this position and her first task is to come up with a better name.

2007 Region 4 Championships: How many of us would like to see a **separate Sport Horse Regional Championship** show, on the order of what Region 5 is doing? If we want to push for it, we will have to put together a proposal and budget. **Decision:** There were only five of us at the meeting and we decided that we could not make those decisions without the rest of the crew. Wait for another meeting.

Next AiM meeting: We need to elect delegates for the 2006/07 regional and national conventions. The next meeting for AiM members is **September 3rd** at our Webmistress Janelle Wilde's home.

THE PARTY:

We're doing the "Taste of Oregon" again on Thursday evening as part of the Barn/Aisle party festivities. I picked up our first case of donated wine (courtesy of **Cassandra Teegarten, Natalie Estates Winery**) and have a call in to the caterer to find out much it will cost us to have them pour it. **Pam Frye of Iris Hill Vineyard** will also donate a case, as soon as I figure out how to get it up here from Lorane. And I'm hoping that

Deborah Hausman (Quailhurst) and **Eve Halloran** will again donate some of their finest. At five servings per bottle, and 12 bottles per case, I should have the wine under control! (And I've OK'd it with the donors that if we have leftover bottles, we plan to use them at next spring's show, either in the silent auction, or judge's baskets, or whatever will benefit the club.)

WE'RE STILL LOOKING for **donations** of Oregon cheeses, smoked salmon, cream cheese, chips, crackers, etc., and Oregon-bottled soft drinks and water. We have been instructed to plan on approximately 100 small servings. We will set up the AiM tent at the end of our aisle, and decorate it with our banner, posters promoting our sponsors, etc.

A Letter from Gene Dueber

I did not attend the AIM Classic this year. I just had my 90th birthday and don't travel well any more. I don't have any Arabs anymore either. **DD Nattali** and **SF Shahlimar** both have young girls to ride and love them. But my two Holsteiners are part Arab – one quarter and one eighth (my riding horse is a Peruvian Paso). The Holsteiners are boarded at Sawda Equestrian Center in Port Orchard, owned by **Herman and Kathy Aguayo**, long-time breeders, standing black Prince Sawda. They competed at the Classic, shown by my horses' trainer **Dorothy Begley-Broecker**. This is a new experience for her; she is from Switzerland and trained jumpers in Germany, who are primarily European Warmbloods, so she enjoys riding mine.

Alejandro is a 4-year-old gelding with a year of solid training. He was just beginning competition when he suffered a serious injury. We at first thought he might have to be put down, but it looks like he'll be fine.

Colonel's Lady (Nellie) is an 18-year-old grey mare, the first horse I foaled. After a successful show year as a four-year-old, I bred her to the Holsteiner stallion **Ratibor** and had a beautiful colt, **Rommel**, who was sold to a rider in Colorado. I then sold her for a riding horse. She later became injured and was sold to a breeding farm in Oregon. After producing two Friesian foals, she was again put on the market, and I bought her back in March. She was sound but not very fit, but has been brought back quite well, and Dorothy is showing her successfully in dressage.

I can be proud of my family of Holsteiners descended from an Anglo-Arab mare (Ibin Indy x Sues Anjal) that I found in a weedy pasture. She tied for reserve champion at the American Holsteiner Horse Association 1987 inspection, and after reviewing the quality of two generations of her produce as required, she was awarded Main Mare Book status, the first Anglo Arab and the first Northwestern mare to do so. All six of her eight descendents who had been inspected to date have been rated Premium or Merit. The other two will be presented at the next inspection in October. Her second daughter is an eventer in Oregon; her son jumps in Florida, dressage mounts are in Colorado and Washington. Not bad for a \$600, 14-year-old find!

Crosby Creek Stables in Woodburn has openings for full-time, full-care boarders. We offer 12 x 12 matted stalls, daily turn out, 60 x 120 indoor arena, 70-foot round pen, riding lessons and dressage clinics and 24-hour on the premises care. \$350.00 per month. Call Kathy Darneille, 503-982-1044.

El Sharq Asad is offered for sale. He is by PV EL Shikar, who is of old Crabbet breeding – 49% Mesaoud, with ten crosses to Gulastra and virtually no Skowronek in his pedigree. "Sharky's" dam is My Miss Pride (Baskes Pride+ x Ca Flambeau). He was Champion sport horse under saddle (purebred), and high score training level open at the 2006 AiM Sport Horse Classic. He was high-scoring Arabian both days of the Spring Into Dressage at Devon Wood. He is consistently scoring in the upper 60's in training level and in the 60's at first level at both breed and open dressage shows. He is Sport Horse Nationals bound, and needs a new rider afterward to take over, as I have more babies like him coming up to train. AiM for the Future Futurity Survey

The Arabians in Motion Club has formed a Futurity Task Force to make recommendations to the Club membership regarding our futurity program at the Aim Sport Horse Classic Show. We have designed this survey to be distributed to AiM Club members and owners of current and past futurity entrants. We value everyone's opinions and look forward to hearing from all of you! Please respond to this survey by e-mail, mail or phone to Marcia Donnelly, Futurity Chair. Contact info is at the end of the survey. Thank you in advance for your help.

Marcia Donnelly, Chair

1. Should the futurity be divided into Purebred Arabian and Half/Anglo Arabian?
2. Should the futurity program be taken outside of our March Sport Horse Classic Show and put into a "breeder" type show such as the new ODS Breeders' Showcase I & II. They will be held in mid-August at DevonWood. The Futurity would be pinned as we do now, *i.e.*, horses show in their respective classes and place in the Futurity based on scores earned in those classes.
 - Some advantages:
 - A. Horses be 5 to 6 months older, warmer weather
 - B. Would allow the AiM Sport Horse Classic to expand dressage and jumping classes because we would no longer offer in-hand classes
 - Some disadvantages:
 - A. Owners would have an additional show to attend if they also rode in the Sport Horse Classic Show
 - B. Getting payments and ribbons to winners would be more of a logistical problem
 - C. At present, the judges are dressage not hunter
 - D. We would need to get permission to use our score sheets
 - E. It's the dressage division not Arabian, so no AHA championship qualifying or other awards
3. Futurity program remains a part of the AiM Sport Horse Classic Show in March
 - Some advantages:
 - A. Owners have one show to attend
 - B. Easier to keep track of payments and awards
 - Some disadvantages:
 - A. Because we would still offer in-hand classes, we would not free up time to expand our horse/rider classes.
4. Should AiM discontinue the Futurity program?
 - It has become increasingly difficult to run the program to meet everyone's needs.
 - If we were to discontinue the Futurity, all 2007 and 2008 futurity payments would be refunded.
5. Should AiM continue the Futurity program? Why? What do you like about it? What would you change about it?
